

INTEGRATION OF LANTERIA HR AND LINKEDIN LEARNING COURSES

LINKEDIN COURSES

LinkedIn Learning provides a library with over 12,000 online courses and video tutorials, mostly led by experts, and this number steadily grows every week. With this integration Lanteria HR becomes a powerful LMS for every business looking to strengthen its internal training program.

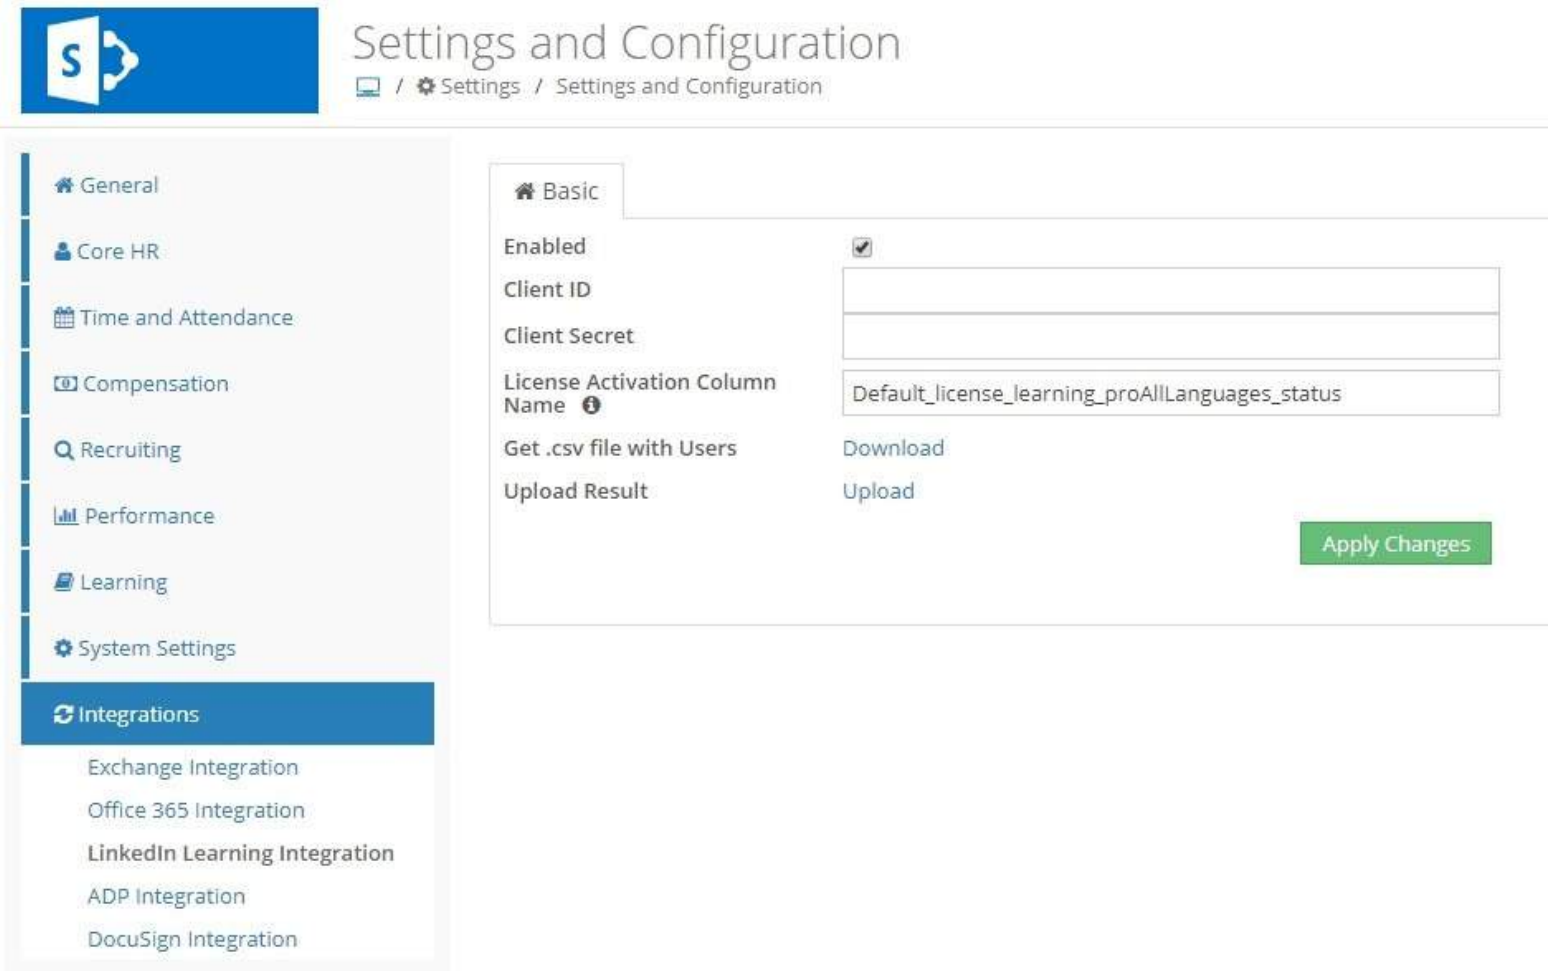

With LinkedIn Learning, you can:

- Access 12,000+ expert-led courses
- Earn a certificate when you complete a course
- Receive course recommendations tailored to you
- Use project files and quizzes to practice while you learn
- View courses anytime on your computer or phone

SETUP

You can setup LinkedIn Integration in Settings and Configuration.

The screenshot shows the 'Settings and Configuration' interface. On the left is a navigation menu with categories: General, Core HR, Time and Attendance, Compensation, Recruiting, Performance, Learning, System Settings, and Integrations. The 'Integrations' section is expanded, listing Exchange Integration, Office 365 Integration, LinkedIn Learning Integration (highlighted), ADP Integration, and DocuSign Integration. The main content area is titled 'Basic' and contains the following configuration options:

- Enabled:** A checkbox that is checked.
- Client ID:** An empty text input field.
- Client Secret:** An empty text input field.
- License Activation Column Name:** A text input field containing the value 'Default_license_learning_proAllLanguages_status'.
- Get .csv file with Users:** A button labeled 'Download'.
- Upload Result:** A button labeled 'Upload'.

An 'Apply Changes' button is located at the bottom right of the configuration area.

On daily basis system will check if there are new LinkedIn Learning Courses and create Learning Materials in Lanteria HR based on them.

UPLOADING LANTERIA HR USERS TO LINKEDIN LEARNING

1. Download CSV file with users data. You can see Download link on screenshot.
2. From the Admin Account Center, click the PEOPLE tab.
3. Click Add Users.
4. Select Upload users by CSV from the dropdown.
5. Select your CSV file to upload from your computer and click Open or Choose.
A banner will appear on the All Users page notifying you if your upload was successful.

UPLOADING RESULTS FROM LINKEDIN TO LANTERIA HR

1. From the Admin Account Center, click the REPORTS tab.
2. The Learner Activity Detail (Courses) report the one you are looking for. It includes specific information about each learner's account usage and course history. The information includes the course language, the percentage complete, the number of hours they've viewed the course for, the total assessments completed, and the unique user ID. You may select a custom date range, or choose from one pre-determined date ranges.
3. Click Upload link from Lanteria HR LinkedIn Learning Integration section.
4. Select your exported CSV file from step 2.
5. As a result you will see how many records were processed successfully, how many development activities were completed, created.
