OVERVIEW

Lanteria HR is a SharePoint based Human Resource Management (HRM) solution that facilitates and automates the entire Human Resource (HR) cycle in a company. The solution creates a central storage location for all HR information, while supporting HR processes and increasing the performance of each employee and organization as a whole.

Lanteria was founded in 2006 and, since that time, have successfully completed over 200 projects for local and international clients. The Lanteria team includes both experienced HR and IT professionals. This allows us to integrate our extensive HR experience with all the cutting-edge Microsoft technologies that you are already using.

The screenshot displays the Lanteria Learning Catalog interface. At the top, there is a navigation bar with tabs for MY DETAILS, MY TIME & ATTENDANCE, MY PERFORMANCE, MY LEARNING, and MY COMPANY. A search bar labeled 'Find Employee' and a user profile for 'Sergey Turin' are also visible. Below the navigation bar, the page title is 'LANTERIA Learning Catalog'. A filter section includes a 'Keyword' input field, dropdown menus for 'Select Category', 'Select Job Role', and 'Select Competency', and a 'View' button. The main content area lists several courses:

- Hardware Security V1** (Information Technology): Competency: Safety and Security, Mandatory: Yes. Description: In this course, we will study security and trust from the hardware perspective. Upon completing the course, students will understand the vulnerabilities in current digital system design flow and the physical attacks to these systems. They will learn that security starts from hardware design and be familiar with the tools and skills to build secure and trusted hardware.
- Improving Communication Skills V1** (Communication): Competency: Communication Skills, Mandatory: No. Description: Taught by award-winning Wharton professor and best-selling author Maurice Schweitzer, Improving Communication Skills is an essential course designed to give you both the tools you need to improve your communication skills, and the most successful strategies for using them to your advantage. You'll learn how to discover if someone is lying (and how to react if they are), how to develop trust, the best method of communication for negotiation, and how to apologize. You'll also learn when to cooperate and when to compete, how to create persuasive messages, ask thoughtful questions, engage in active listening, and choose the right medium (face-to-face conversation, video conference, phone call, or email) for your messages. By the end of the course, you'll be able to understand what others want, respond strategically to their wants and needs, craft convincing and clear messages, and develop the critical communication skills you need to get ahead in business and in life.
- Project Management Principles and Practices V1** (Management): Competency: Project Management, Mandatory: Yes. Description: Project management has been proven to be the most effective method of delivering products within cost, schedule, and resource constraints. This intensive and hands-on series of courses gives you the skills to ensure your projects are completed on time and on budget while giving the user the product they expect. You will gain a strong working knowledge of the basics of project management and be able to immediately use that knowledge to effectively manage work projects. At the end of the series you will be able to identify and manage the product scope, build a work breakdown structure, create a project plan, create the project budget, define and allocate resources, manage the project development, identify and manage risks, and understand the project procurement process.
- Quiz: Data Analysis with MS Excel V1** (Information Technology): Description: In this quiz, you'll learn to frame business challenges as data questions. You'll use powerful tools and methods such as Excel, Tableau, and MySQL to analyze data, create forecasts and models, design visualizations, and communicate your insights. In the final Capstone Project, you'll apply your skills to explore and justify improvements to a real-world business process.
- Successful Negotiation: Essential Strategies and Skills V1** (Sales): Description: We all negotiate on a daily basis. On a personal level, we negotiate with friends, family, landlords, car sellers and employers, among others. Negotiation is also the key to business success. No business can survive without profitable contracts. Within a company, negotiation skills can lead to your career advancement.
